WARNING!
 These hearing protectors help reduce exposure to hazardous noise and other loud sounds. Misuse or failure to wear hearing protectors at all times that you are exposed to noise may result in hearing loss or injury. For proper use, see supervisor, User Instructions, or call 3M in U.S.A. at 1-800-243-4630. In Canada, call Technical Service at 1-800-267-4414. If there is any drainage from your ear or you have an ear infection, consult with your physician before wearing ear plugs. Failure to do so may result in hearing loss or injury.

***NRR Footnote:** Research suggests that many users will receive less noise reduction than indicated than indicated by the NRR due to variation in earplug fit, and wearing time. It is recommended that the NRR be reduced by 50% for estimating the average amount of noise reduction provided.

Leading the Advancement of Hearing Conservation™

Tough on Noise, Easy on Ears

With today's louder lifestyles the challenge to encourage hearing protection compliance among younger workers is even greater. 3M™ Earplugs are hearing protectors with the next generation of workers in mind. They are available in bright colors and designs and they offer the same protection and quality you can expect from 3M.

The advanced materials and unique designs of 3M earplugs help provide in-ear comfort. They conform to the unique shape of each ear canal for noise reduction. Our exclusive push-to-fit style of earplugs makes fitting earplugs easy thanks to their no roll-down design.

Specify your request for 3M earplugs—NASCAR® Officially Licensed Hearing Protection.

3M™ Earplugs

Nitro™ Earplugs

- A variety of eye-popping colors in each dispenser box • NRR 32dB*
- Advanced foam formulation conforms to the unique shape of each ear canal for enhanced comfort and fit

Tattoo™ Earplugs

- Circled with a barbed "tattoo" design, these earplugs are designed with the next generation in mind • NRR 32dB*
- Advanced foam formulation conforms to the unique shape of each ear canal for enhanced comfort and fit

Tri-Flange™ Earplugs

- Three soft, flexible flanges conform to the ear canal for comfortable noise reduction • NRR 26dB*
- Push-to-fit design promotes easy and hygienic fitting • Cloth cord and livewire plastic cord available

Skull Screws™ Earplugs

- Tough hearing protection with a no roll-down design for quick and easy fitting • NRR 30 dB*
- Soft foam tips feature one-of-a-kind Skull Screws "threads" designed to create a stay-put seal in the ear canal
- Advanced foam formulation provides excellent in-ear comfort

No-Touch™ Earplugs

- No roll-down design helps keep earplugs clean even when your hands are dirty • NRR 29 dB*
- Soft foam, a smooth tapered shape, and paddle stems help create a noise-reducing seal in the ear canal

Pistonz™ Earplugs

- NASCAR® Officially Licensed Hearing Protection • NRR 29 dB*
- Soft foam tips with a metallic design conform to the shape of the ear canal to help provide a comfortable fit
- Biaxially stiff stems allow for easy fitting into the ear canal, yet flex sideways if impacted during wear
- Get your hearing conservation program running on all cylinders!

Earplugs 1100 & 1110

- Tapered shape and advanced foam formulation for in-ear comfort and protection • NRR 29dB*
- Low-cost alternative
